23- oct -2009 | designed & drawn by D Dlugos
for non-commercial use only

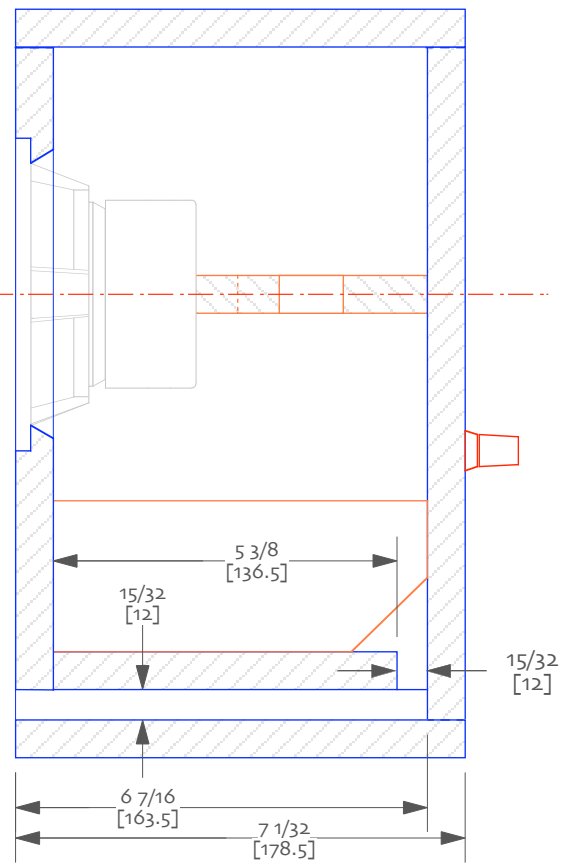

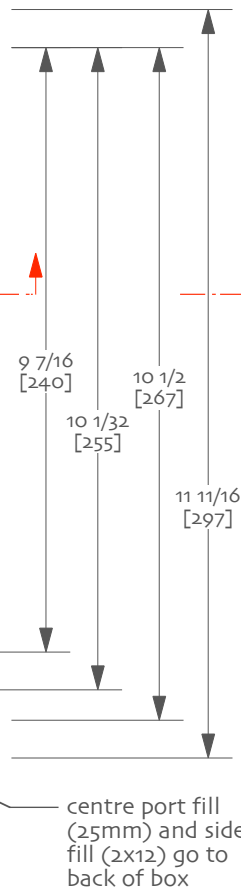

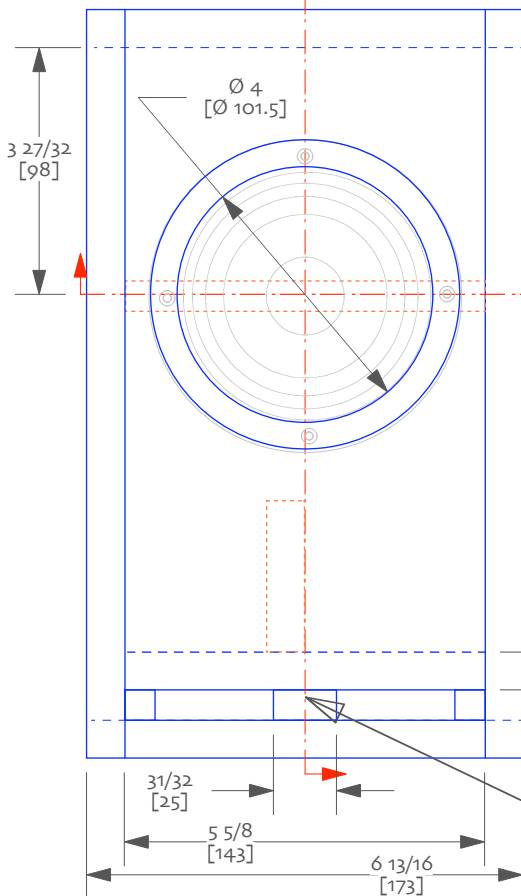

Notes:

o/ made with 15 mm
(5/8") baltic birch plywood

1/ line with wool felt, cotton
felt, or fiberglass or lightly fill
with polyfluff or teased wool

The fit of the brace should be determined in the field... the brace should be tight against the magnet of the driver, but not so much that it stresses the basket... small paper shims can be used if necessary.

centre port fill
(25mm) and side
fill (2x12) go to
back of box
